with any devices to read

LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Microsoft Software Engineer Jobs

— Sophia, Senior Software Engineer
Inclusive Hiring for people with disabilities At Microsoft, we know that having a diverse workforce which includes people with disabilities is essential if we are going to deliver on our mission to empower every person and every organization on the planet to achieve more.
